

Dear Parent,

As you may know Mini First Aid are coming to our school to talk to our children about what happens if they hurt themselves or if some-one is poorly. With this in mind we would like to offer you the opportunity to be able to engage with your children and learn the some essential life skills.

We are looking at inviting Mini First Aid back to school on **Wednesday 15th May at 3.30pm** to run their popular 2 hour awareness class for parents, grandparents, carers and baby sitters. The classes are delivered in a relaxed, comfortable style and cover the basics of life saving first aid, giving you confidence to know what actions to take if faced with a medical emergency. This class covers CPR, choking, burns, bumps, bleeds, shock, breaks, febrile seizures and meningitis awareness. You will have the opportunity to practice baby & child CPR and choking techniques on infant and child mannequins. This is also a great class to refresh skills you may already have. The cost of the class is £20pp.

The classes are run by fully insured and fully qualified Paediatric First Aid Trainers who are registered with DBS & NSPCC for safeguarding and accredited by the FAIB (First Aid Industry Body) & also hold Level 3 Trainer & Assessor Award.

Places for the class are limited to **12 people** therefore if you are interested please complete and return the attached form by to allow us to gauge interest.

I would like to attend the Mini First Aid Class on (please tick one)

15th May at 3.30pm

I am not available that day but I would definitely like to attend a session preferably

- Daytime
- Evening
