

## Home School Liaison

Week beginning Monday 20<sup>th</sup> 2019 Class Lucas Year 2

### Numeracy

This week in numeracy we will be learning about number and place value. We will be learning about how to round numbers up and down to the nearest 10, number sequences and estimation. **To support your child at home, help them to think about times table facts! We will be focusing on mastering 2, 3, 5 and 10 times tables!**

### Literacy

This week we will be starting our unit of work on Instructional Writing. We will be learning about the importance of sequencing events before composing our own list of instructions on our very own seed packet! **To support your child at home, please help them become aware of how we complete tasks in a particular order like making a drink or brushing our teeth.**

### Show and Tell

The children chosen for Show and Tell on Monday 10<sup>th</sup> June are Robbie and Alannah.

Please check the new homework grid for ideas to complete.

### Other information

Our tests are now complete! All the children worked hard, and we are very proud of them!

There is **no** forest school this week.

Year 2 will be taking part in Sports Day on Wednesday morning! Your child should come dressed in their PE kit and will remain in it all day. If the weather is hot, please make sure your child has a hat and sun cream. PE kits will be sent home today.

We have planned a trip to Mere Sands Nature Reserve in the new term. A notification will be issued shortly with further details.

We will be continuing our 'Scented Garden' topic and we will be designing and creating our very own mini gardens. Please could each child bring in a shoe box to make this with in the new term.
