

# Remote Learning Plan

## Rigby YEAR 3

27/04/20 – 01/05/20

### Literacy Core Learning

Our Literacy this week is all about eggs. The tasks link to stories including 'Dr Seuss- Green Eggs and Ham!' and 'The Goose that laid the Golden Eggs'. These activities are:

- Finding rhyming words within the text.
- Writing your own sentences and using a range of punctuation.
- Writing about your likes/dislikes.
- Annotating text and discussing key vocabulary.

The links for these activities will have been emailed to you on Purplemash. Complete the activities at your own pace and choose what you would like to work on.

### Phonics/G.P.S. Focus

Our spellings this week are words that have the short 'u' sound that are spelt with 'o' e.g. mother, brother.

The PowerPoint for these spellings have been sent to you on Purplemash. A PowerPoint with activities about using punctuation in speech has also been sent to you.

### Activities for the week ahead:

Please have a look at the Literacy plan that has been emailed to you on Purplemash. The activities are based on stories and songs all about eggs. There are video clips, extracts from texts and also recipes! You could even make your own favourite recipe that uses eggs! Have fun. ☺

### Mathematics Core Learning

We are learning about fractions once again this week. There are short video clips to watch and a series of five lessons with answers on the White Rose website. Please follow the link below.

#### Key Vocabulary:

Fraction, equal, quarter, third, fifth, sixth, seventh, equivalent, order, compare, greater than, less than, equals, numerator, denominator, addition, bar model, part-whole model, simplify.

#### Activities for the week ahead:

Please go to White Rose Maths Summer term Week 2- <https://whiterosemaths.com/homelearning/year-3/>

#### Lesson 1- Adding Fractions

Use your knowledge of fractions to add them.

#### Lesson 2- Subtracting Fractions

This lesson is all about subtracting fractions that have the same denominator.

#### Lesson 3- Problem Solving

Can you use your knowledge and understanding of fractions to help you to solve these problems?

#### Lesson 4- Problem Solving

Here are some more fractions problems to solve!

#### Lesson 5- Mathematics Challenge

Here is Friday's Mathematics Challenge! You could also write some of your own fraction problems!

### Creative Curriculum Focus

Our new topic is Blue Abyss! This week will be focusing different types of habitats. Watch this video to learn all about the different habitats and animals around the world:

<https://www.youtube.com/watch?v=ZrSWYE37MJs> How many different habitats can you identify now?

As our new topic is all about the Blue Abyss, you could choose an animal that lives in or near the ocean and design a perfect habitat for it. Think about your animal's essential needs to survive? Food/ water/ safe place from predators etc. Lots of information can be found on the links below.

Have fun ☺ <https://www.theschoolrun.com/homework-help/marine-habitats> <https://www.theschoolrun.com/homework-help/coastal-habitats>

### Don't forget...

There are some fun PE activities on the Born To Move Website:
