

# Remote Learning Plan

## Rigby YEAR 3

04/05/20 – 08/05/20

### Literacy Core Learning

Our Literacy this week is all about the text 'Flat Stanley' by Jeff Brown. You will find out all about his antics and you can complete the following activities:

- Answer questions about the text and characters.
- Use the text as a model for your own writing.
- Writing a letter.
- Designing a kite.
- Writing a news bulletin.

The links for these activities will have been emailed to you on Purplemash. Complete the activities at your own pace and choose what you would like to work on.

### Phonics/G.P.S. Focus

Our spellings this week are words with a short /u/ sound spelt with 'ou'. For example, enough, young and double. Can you find any other words with this spelling rule?

The PowerPoint for these spellings have been sent to you on Purplemash.

A PowerPoint with activities about tenses has also been sent to you. Have fun! ☺

### Activities for the week ahead:

Please have a look at the attached Literacy plan that has been emailed to you on Purplemash this week. We will be finding out about Flat Stanley!

If you would like to send me any of your super pieces of work, I would love to see them!

### Mathematics Core Learning

We are learning about money this week. We will be adding coins to make totals, converting pound and pennies and also focusing upon our three times table.

There are short video clips to watch and a series of five lessons with answers on the White Rose website. Please follow the link below and work on Week 3.

#### Key Vocabulary:

Money, addition, subtraction, total, convert, pound, penny, multiply, divide.

#### Activities for the week ahead:

Please go to White Rose Maths Summer term Week 3-

<https://whiterosemaths.com/homelearning/year-3/>

#### Lesson 1- Converting pounds and pennies

Use your knowledge of place value to convert pounds and pence.

#### Lesson 2- Adding money

Add money to find totals and prices. Complete the problems and find total values.

#### Lesson 3- Subtracting money

Subtract the given sums of money to find the change given.

#### Lesson 4- Multiplying and dividing by 3

Use your knowledge of counting in threes to complete multiplication and division questions.

#### Lesson 5- Mathematics Challenge

Here is Friday's Mathematics Challenge!

### Creative Curriculum Focus

We are continuing with our work on the 'Blue Abyss' this week! Would you like to create an under the sea or ocean diorama? Have a look at these to help you! <https://www.3dgeography.co.uk/ocean-diorama>

This website also has lots of great information about coastlines!

<https://www.3dgeography.co.uk/coastal-geography>

You could also have a look on Google earth, in atlases and on maps to locate the world's oceans and seas! Can you make a list of them or find out facts about them? Have a look here to help you!

<https://kids.kiddle.co/Ocean>

<https://www.natgeokids.com/uk/discover/geography/general-geography/ocean-facts/>

### Don't forget...

There are some fun PE activities on the Born To Move Website:
