

Remote Learning Plan

Rigby YEAR 3

11/05/20 – 15/05/20

Literacy Core Learning

Our Literacy this week is all about crocodiles! We will read the poem Never Smile at a Crocodile, find out crocodile facts, watch films and read stories and poems all about them!

These activities that you can complete this week are:

- Writing a fact file poster about crocodiles
- Retell a crocodile story
- Read a poem using expression
- Use a dictionary to find the meanings of new words
- List characters and events from stories

The links for these activities will have been emailed to you on Purplemash. Complete the activities at your own pace and choose what you would like to work on.

Phonics/G.P.S. Focus

Our spellings this week are from word families based on common words. They show how words are related in form and meaning.

The PowerPoint for these spellings have been sent to you on Purplemash.

A PowerPoint all about main and subordinate clauses and an activity sheet has also been sent to you.

Activities for the week ahead:

Please have a look at the Literacy plan that has been emailed to you on Purplemash. The activities are based on poems, films and stories all about crocodiles! I hope you enjoy these activities!

Mathematics Core Learning

We are learning about multiplication and division this week.

The activity sheets and links for the activities/videos each day have been sent to you on Purplemash.

Key Vocabulary:

Multiply, divide, partition, times tables, multiplication tables, groups, sharing, lots of.

Activities for the week ahead:

Lesson 1- Multiplying and dividing by 4 and 8

Use your developing knowledge of the 4 and 8 times tables to complete multiplication and division questions.

Lesson 2- Multiplying 2 digits by 1 digit

Use your times tables knowledge to help you to multiply a two digit number by a one digit number. You will use a written method for multiplication.

Lesson 3- Divide a 2 digit number by 1 digit

You will use your place value and knowledge of times tables to help you when dividing two digit numbers by one digit.

Lesson 4- Problem solving linked to multiplication and division

This lesson is all about solving problems that involve multiplication and division.

You can also complete activities on Times Table Rockstars and Mathletics. Have fun learning your times tables and think about how you can use your prior knowledge and understanding to help you when learning new tables! Have fun! ☺

Creative Curriculum Focus

This week's focus will be Science. We will be looking at classification, in which living things can be divided into groups or 'classified' by looking at similarities and difference between them. Have a look on the link below, to learn all about classification:

<https://www.bbc.co.uk/bitesize/topics/zn22pv4> and watch this video <https://www.bbc.co.uk/teach/class-clips-video/science-ks2-ks3-classification-of-organisms/zh7g92p>

There are lots of activities that have been set on Purple Mash to sort and classify living things.

There are more great science games and activities below that you could try as well: <http://www.crickweb.co.uk/ks2science.html>

Why not on your daily walk, find as many living things as you can. Make a note of them and then decide how you could classify them ☺ Have fun!

Don't forget...

There are some fun PE activities on the Born To Move Website:

https://borntomove.lesmills.com/media/BORN+TO+MOVE+15+8-12+Tension/0_6rb18cme/130160092

Username is: bursar@newburgh.lancs.sch.uk

Password : newburgh

Other PE activities will be posted on Twitter! Have fun!
