

Remote Learning Plan

Rigby YEAR 3

22/06/20 – 26/06/20

Literacy Core Learning

Activities for the week ahead:

Our Literacy this week is all about flying in the air and it is the first of two units over this week and next week. It is called, 'Up, Up and Away!' and there are lots of exciting extracts from stories and media clips to take you on adventures high in the sky! The activities include:

- Poems about being in the air and flying high!
- Learning about the history of flight and the Wright brothers.
- Verbs to describe movement and flying.
- Writing poems about flying.
- A letter from Peter Pan.
- Prepositions about flight.
- Creating a mind-map.

The links for these activities will have been emailed to you on Purplemash.

Phonics/G.P.S. Focus

Our spellings this week are words ending in the /chuh/ sound that is spelt like 'ture'. These words include mature, mixture and sculpture.

The PowerPoint for these spellings have been sent to you on Purplemash. I have also sent a handwriting activity to help you to practise these words.

A PowerPoint about using 'a' or 'an' has also been sent to you this week. Can you list nouns and correctly use 'a' or 'an'?

Mathematics Core Learning

We are learning about different angles and types of lines this week.

Key Vocabulary:

angle, quarter turn, half turn, full turn, rotate, acute, right angle, obtuse, straight line, degrees, perpendicular, parallel, vertical, horizontal, diagonal.

Activities for the week ahead:

Lesson 1- Right angles in shapes

This lesson looks at the number of right angles in different shapes. Remember that a right angle is 90° . Can you find right angles around your home?

Lesson 2- Comparing angles

Here we are looking at acute angles (less than 90°), Right angles (90°) and obtuse angles (More than 90° but less than 180° .) A straight line angle is 180° . Can you find different angles in your home?

Lesson 3- Horizontal and Vertical lines

This lesson looks at different lines within shapes, flags and everyday objects, can you find the different types of lines?

Lesson 4- Perpendicular and Parallel lines

Can you identify and draw different types of lines?

Don't forget that you can also complete activities on Times Table Rockstars, Prodigy Mathematics and Mathletics! Have fun! ☺

Creative Curriculum Focus

The activities this week also have a focus on different animals, predators and prey.

- Create a collage, painting or sculpture of your favourite predator or prey.
- Create an encyclopaedia all about different types of predators and their prey. You could include key information about their features, types of teeth that they have (molar, incisor, canine), where they live, what they eat, how they behave in their environment, etc.
- Create Top Trump cards for a range of different creatures and then play with them with your family!
- Have a look at these websites all about different animals, their habitats and the environment!

We hope you enjoy these activities! Have fun ☺

Don't forget...

There are some fun PE activities on the Born To Move website.

I will post these on Twitter for you to have a look at!
