

Nursery Home Liaison

10th and 17th May 2021

Our theme for the next two weeks is: 'People who help us' and this will be supported through our story of 'The Smartest Giant in Town'.

Personal, Social, Emotional Development (PSE)	The children will be sharing our story which represents the 'kindness giant', and during collective worship we will share 'The Good Samaritan' and consider what we need to do to be kind to each other.
Physical Development (PD)	The next two weeks will be having a focus on being independent and this will be encouraged through our role play area as we will set up a doctors surgery/hospital for the children to look after and care for our teddies by applying bandages, feeding them and supporting their needs etc.
Communication & Language (CL)	When sharing our story of the week the children will be encouraged to think of alternative ways we can help the animals in the story and how it is a good quality to be helpful.
Literacy (LD)	Over the next two weeks we will be having ' Book Show and Tell ' in which your child can bring in their favourite book to share with their friends. This will support our children to develop a love for reading in preparation for pyjama day.
Mathematical Development (MD)	The children will be exploring the outdoor environment and going on a size hunt. We will be looking for the largest objects we can find and the smallest etc. and then ordering them in size order.
Understanding the World (UW)	This week we would like to invite our parents to share a short video of themselves on tapestry about their job roles to develop the children's knowledge of different occupations. The children will be able to use the internet to search for a range of job roles that they are interested in to extend their knowledge.
Expressive Arts & Design (EAD)	Finally, as our role play has developed into a doctor's surgery/hospital, the children will be encouraged to create and use props to extend their experiences with their friends and reinforce the new occupations they have learnt about.
Nursery Home Challenge	To support our focus on 'people who help us', can you share with your child your home address so that they are aware of it and can recall it and develop their knowledge of who to call in an emergency (999).
Other Information  @NewburghNursery  Parent notice board by the nursery door.	<p>Please can all story sacks be returned. We hope you have enjoyed them and found them useful.
